Date	15 July 2026
Team ID	SWTID-2026-2089
Project Name	Credit Card Approval Prediction using Machine Learning
Maximum Marks	4 Marks

Persona Name: Credit Card Applicant

SAYS

- I need quick approval for my credit card.
- I hope the process is transparent.
- I want to know the reason if my application is rejected.

THINKS

- Will my income and credit history be sufficient?
- I hope the approval process is fair.
- I don't want unnecessary delays.

DOES

- Submits personal and financial details.
- Provides required documents.
- Waits for the approval decision.

FEELS

- Anxious while waiting for approval.
- Happy if approved.
- Disappointed if rejected without a clear reason.
